Name:	
Organisation/Church/Chapel/Role:	
I agree to my name and organisation being published in the conference pack (no personal email, telephone or address details will be included). Please indicate YES or NO:	YES NO
Contact Address:	
Telephone:	
Your Email Address:	
Choose your FIRST workshop (please tick ONE):	<p>1. Putting Burial Grounds on the Map Join this workshop to learn how to upload your wildlife sightings to the first ever online biodiversity database for burial grounds. Liam Taylor, Data Manager, Caring for God's Acre, Mark Duffell, Arvensis Ecology</p> <p><input type="checkbox"/></p> <p>2. The Five Steps This workshop will cover the five steps to planning the management of your site and encouraging others to be involved. Helping you to be proactive rather than responding to problems and overdue tasks. Learn how to produce a plan that is suitable for your site and realistic for your resources. Harriet Carty, Director, Caring for God's Acre</p> <p><input type="checkbox"/></p> <p>3. Investigating and Recording Memorials This workshop will cover the how you can collect information about the cultural heritage of the burial ground, particularly the monuments. This can help you appreciate, manage and interpret the graveyard, and safeguard it for the future. Professor Harold Mytum, Liverpool University</p> <p><input type="checkbox"/></p>

Choose your SECOND workshop (please tick ONE): <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<p>1. Blooming and Beautiful – getting the balance right Join this workshop to discover how to manage the grassland in burial grounds in a way that encourages wildflowers whilst being sensitive to visitors' needs. Plenty of opportunity for questions and discussion. Andrea Gilpin, Caring for God's Acre</p>
	<p>2. Involving the Community Ideas and top tips for publicising and running events to engage the wider community in your site. George has organised over 100 successful events across the country over the past two years so case studies will be covered in this workshop. Georgina Sharp, Community Coordinator, Caring for God's Acre</p>
	<p>3. Investigating and Recording Memorials This workshop will cover how you can collect information about the cultural heritage of the burial ground, particularly the monuments. This can help you appreciate, manage and interpret the graveyard, and safeguard it for the future. Professor Harold Mytum, Liverpool University</p>
