

**2024 ANNUAL GENERAL MEETING ONLINE
of Caring for God's Acre
Tuesday 12th November 2024 at 7pm**

After the business of the AGM we will be joined remotely by Edward Mayer of Swift Conservation.

The Swift, a once common migrant insectivore now on the Red List of disappearing birds, took to nesting in churches when the UK lost its ancient forests. In some cases, they have been nesting in the same church for hundreds of years, maybe even more. But intolerance, re-roofing, renovations, modifications and insulation threaten their survival as never before.

Edward's talk about this fascinating and endangered bird will be full of practical and easy to follow advice about steps that can be taken to support this spectacularly agile and exciting flyer.

AGENDA

1. Welcome from the Chair
2. Apologies for absence and approval of minutes from AGM 2023
3. Chair's report and questions to the Chair
4. Annual Report
5. Treasurer's report and questions to the Treasurer
6. Any other business

Please note that questions to the Chair or the Treasurer can be submitted in advance by email to info@cfga.org.uk or by using the Chat facility during the AGM.

Edward will welcome questions after his talk, which can also be asked via Chat.
